RH 26.2 Letter from C.D'A.Crofton Esquire, I.C.S., Collector of Bellary, Ref.C.No.971/27-A.5, dated the 19th February 1927.

-:-

Assessment - suspension - Bellary Taluk - Petition of Mr.P.Siva Rao, M.L.C., - Board's Reference No.H-339/27.4, dated 11-2-1927.

-:-

In 1918 Mr.Turing suggested to the Board of Revenue the lines on which he proposed to recommend suspension of - revenue in the then affected taluks of this District, and solicited Board's instructions whether he might propose suspension of revenue in villages where the average outturn of the crops in a village was four annas and less. The Board approved his suggestions and in its Reference No.2068 dated the 18th December 1918 requested him to submit detailed proposals for the suspension of kists to next fasli. In pursuance of these instructions of Mr.Turing, the Revenue Divisional Officers and Tahsildars submitted their proposals for suspension of land revenue in Fasli 1328. These proposals were approved by the Board in its Reference No.165 dated the 3rd February 1919 and by Government in their Order No.310 Misc., dated the 10th February 1919. When Mr.Moscardi was the Collector, he followed the same procedure outlined by Mr.Turing and recommended suspension of revenue in villages where the outturn was 4 annas and less. The Board also supported that recommendation of the Collector and submitted the proposals in its Reference No.

bana 4 to 39
fo No 623 (5)
12-3-27

No.103/21-1 dated the 14th February 1921 for sanction of Government. The Government sanctioned them in G.O.No.623 - Misc., dated the 12th March 1921. In 1923 Mr.Duff followed the same procedure in submitting the suspension proposals for this District and the Board and Government sanctioned his proposals. Please see Board's Reference No.H-507/23-1 dated the 19th February 1923 and G.O.No.Misc., 459 dated the 20th March 1923.

2. The procedure adopted by my subordinates this year is not at all a new one, and has been in vogue for several - years past, having been adopted by successive Collectors with the approval of Board and Government. For what reasons the Board and Government accepted these proposals year after year, in view of B.S.O.14, I am unable to say, but the fact is, this has created a precedent this year again my subordinate officers have worked out their proposals on the same lines and these - proposals have again been accepted by both the Board and -- Government. I recommended the suspension of revenue in villages, where the outturn was worked out to be 4 annas and less. The ten villages specified in Mr.Siva Rao's letter were not - recommended for suspension as the average outturn in these - villages was above 4 annas and less than 6 annas, and this fact was incidentally but not with special prominance brought to the notice of the Famine Commissioner, when he visited the district recently. The Tahsildar of Bellary has commenced the collection of the first kist in these ten villages which is already fallen due, but he reports that there is difficulty in collecting the land revenue. Probably owing to the fact that several other neighbouring villages (whose outturn however was 4 annas and less) have been shown the concession, while they alone - have been deprived of it.

3. Considering the situation of these villages and their intercommunication with the other villages of the taluk and the comparatively poor yield of crops, I think on reconsideration that all these ten villages may be shown the same concession as all the other villages of the taluk except five inam villages.

From

P. Siva Rao, M.L.C.,

High Court Vakil,

Bellary.

To

~~The Collector~~, The Honble (the Finance) Member Board of Revenue Madras

~~Bellary.~~

Sir,

I ascertain that in view of the present famine conditions the collection of the Government-dist for the current fasli and the Thakavi loans has been suspended for about three months in all the villages in the Bellary Taluk except the following:-

(i) Byradevanahalli
(ii) Byala Chinta
(iii) Kuntanahal
(iv) Lingadevanahalli
(v) Dasara Nagenahalli
(vi) Golla Nagenahalli
(vii) Sidiginamala
(viii) Thambrahalli
(ix) Yalipi
(x) Kammarachedu

The reasons for the differentiation seems to be that the outturn for the year of the dry crops in the said villages has been, according to the calculations of the Revenue Subordinates, ~~has been~~ more than 4 annas.

The postponement has been ordered in villages wherein the outturn is less than 4 annas: and refused in villages where it has been more. I gather ~~even~~ from

from the official statistics that the outturn even in the ten villages mentioned above has been certainly less than 6 annas, in other words less than one-half of the ordinary yield, assuming the ordinary yield to be 12 annas. The Revenue Divisional Officer Bellary seems to have based his recommendations on some obsolete orders of a former Collector and they are opposed to the express provisions in the Board's Standing Orders. The B.S.O.14 para 5(ii) printed on the page 25 of the Boards Standing Orders is explicit on the point and lays down— "No relief will be granted in respect of tracts in which the average yield is one half of the ordinary yield or more. When it is less, remission will ordinarily granted in the following scale" etc., if remission could be granted in the circumstances, suspension could be much more so granted in the same:

All the conditions prescribed in B.S.O.(14) para (2) have been satisfied in the present case. I request therefore, you will be kind enough to order the immediate suspension of the land revenue-cist in the afore-said villages as well, and obtain the sanctic of the Hon'ble the Board of Revenue, if necessary for the purpose. Early orders are earnestly solicited, as the Village Officers have been already taking coercive processes for collection in the villages in question.

I have the honour to be,
Sir,
Your most obedient servant,
P Subba Rao
